

Peter Thompson Joins Trade Show Internet as Account Executive

San Francisco, CA – April 13, 2011 – Trade Show Internet (TSI) is excited to announce the hiring of Peter Thompson as account executive. In this role, his primary responsibilities will be to work with the company's exhibitor and exhibit house customers to provide Internet and audio/visual technology solutions for their events.

Peter comes to the company from Northrop Grumman where he developed skills in budget and logistics planning for engineering projects. Peter earned a Bachelor of Business Administration from the University of San Diego.

Ian Framson, CEO, says "We are very excited to welcome Peter Thompson as a full-time member of the Trade Show Internet team. Peter brings a willingness to learn and a refreshing warmth representative of his Southern California roots. Peter has very quickly overcome our steep learning curve and has demonstrated the compelling value he brings to the company and our clients."

In his new role as account executive, Peter will be responsible for growing and scaling sales initiatives to support TSI's rapid growth.
